

With one phone call to our Office or an Email to us, we can manage any project, schedule preventative maintenance, and handle emergency service calls at locations throughout the United Arab Emirates.

With a dedicated team of Florida Global Technical Services LLC, from your account manager to dispatch, local technicians to invoicing, we oversee every aspect of our partnership with our clients. We develop an effective, high impact facilities program customized for your particular needs, yet flexible to adapt to your growing business facility.

You can trust the right service and maintenance technician will be dispatched, on time, every time, and to resolve your facility maintenance problem quickly and efficiently.

Florida Global Technical Services LLC is one of the largest self-performing facility maintenance companies in the country. We are continually the expanding the areas covered by our own technicians. Our goal at Florida Global Technical Services LLC is to self-perform as much work as possible for our customers.

This strategy not only reduces costs for our customers, but gives us more control over the work order, technician and performance, improving quality and accountability.

Florida Global Technical Services guarantees you will be satisfied and that a Qualified technician will be dispatched, on time, every time, to resolve any facility maintenance problem quickly and effectively, while ensuring that these service providers provide quality service, cost-effective service for individual locations, assets, issues and trades across an entire portfolio of locations.

It's all part of our approach to sound business solutions that eliminate the "surprise factor." Better customer service at the right time, when you need it, and within budget.

Facility Maintenance

ONE CONTACT, ONE INVOICE, ALL YOUR SERVICES PROVIDED

As a facility maintenance management company, we realize that you have a lot of reins to hold. There's interior maintenance, exterior maintenance, specialized cleaning projects, repairs, and emergency services that you have to take care of. Florida Global Technical Services LLC is here to help! With one phone call, you can have any or all of these services handled for you by experienced professionals so that each job is done right, on time, and on budget.

Our professional experience includes a broad range of general and specialized facility maintenance services, including specialized cleaning projects such as, overhead cleaning, pressure washing, hard/soft floor care and all interior and exterior maintenance needs.

Service Types

Emergency Maintenance

24 Hour On-Call team of Technicians, Count on us to fix it. Our contingency plans allow you to be at ease while we take care of any sudden glitches that could occur.

Corrective Maintenance

While carrying out scheduled maintenance jobs and during periodical inspections, we identify faults and irregularities and get them corrected appropriately.

Planned Preventive Maintenance

We maintain the upkeep of your critical equipment and systems such as your air conditioning (HVAC), electrical, plumbing etc., by scheduling regular checks, maintenance and report in line with specified job plans.

Annual Maintenance

Our skilled facilities maintenance technicians are trained in discernment and communication to maximize operational efficiency and cost-effectiveness all year round.
